Sweetwater Authority's High School Photo Contest promotes creativity, importance of water

Students can receive up to \$400 for photos highlighting water in daily life

Chula Vista, CA – Sweetwater Authority (Authority) is now accepting entries for its 2020 High School Photo Contest. The annual contest aims to showcase and celebrate through photography how safe, reliable water service supports everything we do.

“This contest offers students an opportunity to creatively showcase the important role water plays in daily life, whether at home, outdoors, at school or within the community,” said Board Chair Steve Castaneda. “We are proud to engage with local students about the value of water through this contest, and our other education programs and partnerships. I look forward to seeing what creative submissions we receive this year.”

Winners will receive monetary prizes, have their artwork displayed at various public locations, and receive recognition at an Authority Board meeting in March 2020.

The contest is open to students who live or attend school in the Authority's service area. The deadline to submit entries is February 1, 2020 at 5 p.m. Full contest rules and submission information is available at www.sweetwater.org/photocontest.

Sweetwater Authority, a joint powers public agency, provides public water service to approximately 190,000 people residing in National City and the South Bay Irrigation District (which includes portions of Chula Vista and most of Bonita).
