FOR IMMEDIATE RELEASE

SWEETWATER AUTHORITY APPROVES PLANS FOR BAYFRONT DEVELOPMENT PIPELINES

Chula Vista, CA – The Sweetwater Authority (Authority) approved the initial phase of improvement plans for the Chula Vista Bayfront Redevelopment. This phase of the project includes nearly a mile of public water main.

“The Governing Board is excited for the Chula Vista Bayfront Development and the opportunities that it will bring to our community,” said Chair Alejandra Sotelo-Solis. “The Board is supportive of development in the community and looks forward to providing safe, reliable water to the businesses and residents of the Bayfront.”

The Chula Vista Bayfront Redevelopment will provide the region with new spaces for hotels, residential units, and parks with a variety of amenities. The Authority is proud to provide water to the thriving South County community. We continually look for ways to better serve the community, including ways to partner with developers to build the infrastructure needed to keep South County vibrant.

Sweetwater Authority is a public water agency providing safe, reliable water to National City, Chula Vista and Bonita.
